FOR ALL PROCEDURES

(Eye Brows, Eyeliners, Lip Liners/Full Lips, Areola and Camouflage)

Immediately Following Cosmetic Tattoo Procedures:

Apply ice to the treated area for 10 – 30 minutes. Ice helps reduce swelling and aids in healing.

For 14 days following application of permanent cosmetics:

- Apply antibiotic ointment **sparingly** twice a day for seven days following the procedure. Using a clean cotton swab; do not use your fingertips.
- Do not rub or pick at the epithelial crust, allow it to flake off on its own. Absolutely no scrubbing, no cleansing creams or chemicals. **Gently** cleanse the intradermal cosmetic area with a mild antibiotic soap. You may rinse with water lightly pat the area dry.
- Do not expose treated area to full pressure of water in the shower.
- Do not soak treated area in bath, swimming pool, or hot tub. Do not swim in fresh, salt or chlorine pool water.
- Do not expose the treated area to the sun
- Use a total sun block after the procedure area has healed to prevent future fading of pigment color.
- Do not use mascara or eyelash curler for seven days post procedure. When you resume use purchase a new tube, the old tube may have bacteria in it.
- If you are a blood donor, you cannot donate for 1 year following the procedure. (Per American Red Cross)
- Use sterile bandages and dressings when necessary. **(Areola and Camouflage procedure cannot be guaranteed. This is an experimental procedure.)**

I understand that at the first sign of an infection, adverse reaction or allergic reaction to the procedure, I must Notify Wendy Wheeler-Poncdek and a health care practitioner.

Failure to follow post-treatment instructions may cause loss of pigment, discoloration or infection. Remember, colors appear brighter and more sharply defined immediately following the procedure. As the healing progresses, color will soften. A touch-up procedure may or may not be necessary. Final results cannot be determined until healing is complete. Touch-up procedures must be made between 30 – 60 days following the procedure. Additional fees will apply for touch-ups after 60 days following the procedure. If necessary, an appointment for a touch-up can be made.
